

FOUR LANE ALTERNATIVE

This alternative adds a travel lane in each direction and improves the shoulder to a consistent width. The intersecting side roads will be improved as necessary to accommodate turning vehicles.

Key Features

- **ADDITIONAL TRAVEL LANE IN EACH DIRECTION**
- **TURNING VEHICLES WOULD OCCUPY ONE TRAVELED LANE, WHILE THROUGH TRAFFIC PASSES ON THE RIGHT**
- **NON-MOTORIZED IMPROVEMENTS**
- **INTERSECTION IMPROVEMENTS**
- **ROADWAY RUNOFF TREATMENT**
